In July 2015 the Bergen County USBC Bowling Association (fund raiser team) and Montvale Lanes raised over \$2500 for the Autism Speaks of Bergen County Foundation. This was an active part of Bergen County Men's bowling Association to give back to the community in an effort to improve the lives of people with Autism and also promote the sport of bowling in Bergen County by raising funds at our charitable tournament. Our major sponsors: Montvale lanes - and Dairy Queen of Oakridge helped the tournament to raise the Donation. It was a fun day for everyone involved. The Bergen County USBC -BA would like to thank everyone involved for making this Donation possible. Without Montvale Lanes and Dairy Queen and the rest of our sponsors, the tournament could not have been Possible.....

Thank You.....Bergen County USBC BA - (Fund Raising Team).
